EDUCATION

Indira Gandhi Delhi Technical University for Women (IGDTUW) Bachelor of Technology, Computer Science & Engineering (AI), CGPA: 9.48	Aug 2024 – Aug 2028
Adharshila The Foundation School (CBSE) Class X: 96.2% Class XII: 93.2%	Apr 2021 – Apr 2024

TECHNICAL SKILLS

Programming Languages: Java, Python, R, HTML5, CSS3
Web Development: HTML, CSS, JavaScript, MongoDB, React.js, Express.js, Node.js, SQL
Machine Learning: Supervised Learning, Unsupervised Learning, Regression Models (Linear, Random Forest, Decision Tree, Lasso), Data Preprocessing ,**OpenCV:**
Generative AI: Langchain, Langgraph, Vector Embeddings, RAG models
CS Fundamentals: Data Structures and Algorithms, DBMS, OOPS
Tools: VS Code, Git, GitHub, Figma, Canva Pro , Vapi, ngrok
Soft Skills: Project leadership, Time management, Team collaboration, Stage confidence

EXPERIENCE

Machine Learning & Generative AI Intern — IGDTUW Indira Gandhi Delhi Technical University for Women, Delhi, India	June 2026 – July 2026 (45 Days)
Working on Machine Learning and Generative AI projects using Python and related tools.	
Deloitte — Technology Job Simulation (Forage) Virtual Internship — December 2025	Certificate
Achieved 100% task completion under professional engineering standards.	

PROJECTS

AI Interview System

GitHub

- Developed an AI-powered Interview System that generates personalized interview questions by analyzing candidate resumes and job descriptions using Large Language Models (LLMs).

ShipFast — Full-Stack Web Application

Live — GitHub

- Built a production-ready logistics application that automates courier selection through dynamic rate comparison and streamlines shipment booking with efficient REST APIs and modular backend design.

Viral Caption Predictor-ML Based Project

GitHub

- Trained an XGBoost model to predict social media caption virality from engineered textual features.
- Leveraged SHAP for model interpretability, producing human-readable explanations of each feature's contribution to the predicted score.

ACHIEVEMENTS & CERTIFICATIONS

Ranked Top 20 contributor in SnowScript Winter of Code — Open Source	Certificate
Finalist at HackVision – INNOVISION 2025, IEEE NSUT Selected among the Top 30 teams out of 300+ registrations to compete in the final round.	Certificate
Selected for Round 2 – IdeateX at IEEE XENITH'25	Certificate
Ranked 3498 in Goldman Sachs hackathon	
Rising Star – Microsoft Learn Hackathon Selected from over 1500+ registrations for outstanding participation and completion of learning tracks.	Certificate

POSITION OF RESPONSIBILITY

Media Team Coordinator — IEEE Society of IGDTUW	Oct 2025 – Present
- Edited short-form videos and reels for IEEE events, announcements, and social media campaigns. - Collaborated with media and design teams to align content with branding and event themes.	
Model — ZENA (The Fashion Society of IGDTUW)	Nov 2025 – Present
